### Neurology Diagnostics

Dayton, Ohio

NEUROLOGY

**Joel Vandersluis, M.D.**, is double board-certified in Neurology and Electrodiagnostic Medicine. He earned his medical degree from McMaster University in Hamilton, Ontario Canada and completed his neurology residency at Case Western University in Cleveland, Ohio. Following his fellowships in Electromyography and Headache and Pain Management at CaseWestern, Dr. Vandersluis established his private neurology practice. In addition to his private practice and clinical trial work, Dr. Vandersluis is also on the medical staff at Kettering Medical Center, Miami Valley Hospital and Good Samaritan Hospital, and is Clinical Associate Professor of Neurology at Wright State University School of Medicine.

**M. Jane Harper, Ph.D, C.N.P., C.N.R.N.**, is board certified as an Acute Care Nurse Practitioner, Critical Care Specialist, and in Neuroscience Nursing. She is a member of the American Academy of Neurology, the American Association of the Neuroscience Nurses, and the Ohio Association of Advanced Practice Nurses. She has been with Neurology Diagnostics since 2015. She serves as a sub investigator assisting in psychometric testing and also sees clinical patients.

**Kimberly Myers, C.N.P.**, is board certified as an Adult-Gerontology Primary Care Nurse Practitioner. She is a member of the Ohio Association of Advance Practice Nurses. Ms. Myers has been with Neurology Diagnostics since 2008. In addition to seeing clinic patients, she serves as a sub investigator assisting in psychometric testing and blinded ratings.

**Jerry E. Flexman, Ph.D., Clinical Neuropsychologist**, brings to Neurology Diagnostics a wealth of clinical and research experience as a Neuropsychologist. Dr. Flexman received a Ph.D. in Psychology in 1973 and completed his residency in Neuropsychology in 1974. Dr. Flexman has been the CEO and Clinical Director of The Flexman Clinic since 1978. Dr. Flexman currently focuses on psychological and neuropsychological testing for a wide range of assessment needs. Dr. Flexman is currently on staff at Grandview Medical Center, Miami Valley Hospital, The Medical Center at Elizabeth Place, Dayton Rehabilitation Institute and Kindred Hospital where he provides inpatient psychological consults.

# NEUROLOGY DIAGNOSTICS, INC.

## NEUROLOGY DIAGNOSTICS

Dr. Vandersluis founded Neurology Diagnostics in 2002. Currently, Neurology Diagnostics employs Kimberly Myers and Jane Harper, both Certified Nurse Practitioners, as sub investigators who assist in psychometric testing and assists with blinded ratings. Since 2003, he has spent much of his time managing a thriving neurologic practice and diagnostic center. More recently, he also began focusing his interests on clinical research. Dr. Vandersluis has served as an investigator on 19 clinical trials to date. His primary research interests reflect the therapeutic diversification of his neurology practice: Multiple Sclerosis, Parkinson's Disease, Alzheimer's Disease, Epilepsy and Pain Disorders, including Migraine.

## FACILITY

Neurology Diagnostics outpatient research facility is located within Dr. Vandersluis' private practice. The clinic is affiliated with the Medical Center at Elizabeth Place, which is a physician-owned hospital emphasizing patient-focused care. The 26-bed, four operating-room hospital, is owned by 60 area physicians, and serves the greater Dayton community with the latest, most advanced medical procedures, including general surgery, orthopedics, GI, ophthalmology, diagnostic imaging, gynecology, neurosurgery and urology. It is also less than three miles from a hospital with full-emergency medical services. The research clinic uses a central IRB for all regulatory submissions.
