interest in vaccine trials

Endeavor Clinical Trials of San Antonio, Texas, has over 20 years of experience conducting research and clinical trials specializing in post-op pain, diabetic-related pain, other pain, diabetes, vaccines, dermatology and podiatry. Endeavor has completed more than 185 clinical trials with an average of 127 percent enrollment (compared to the contracted study goal).

PAIN CENTER

Endeavor Clinical Trials, as a pain center, conducts multiple post-op pain studies following bunionectomy, abdominoplasty, breast augmentation, total knee replacement and diabetic foot ulcer procedures, among others. Endeavor has access to 17 beds in close proximity to each other at these surgical facilities.

Foundation Surgical Hospital of San Antonio

- 22 beds with potentially five dedicated beds to research
- Five operating rooms
- Full-time pharmacist experienced in clinical research

CHRISTUS Santa Rosa Hospital Alamo Heights

- 36-bed hospital with potentially eight dedicated beds to research
- Awarded Guardian of Excellence Award/national recognition for its patients' experiences
- Full-time pharmacist experienced in clinical research

Elegante Surgery Center, Constance M. Barone, M.D., F.A.C.S.

- Dedicated five beds

RESEARCH CENTER

Endeavor's clinical research site is over 5,000 square feet, housing five exam rooms, dedicated monitoring rooms and a dedicated laboratory processing area. The site is conveniently located 10 miles from the San Antonio International Airport.

Endeavor has access to the highest quality patients and associated data. The site has a strong relationship with private practice physicians in San Antonio for patient referrals, which contributes to its strong recruitment performance. It is known for its exceptional safety preparedness, with all staff trained to BLS certification, ACLS certified personnel, PALS certified personnel, EMT-P staff and a crash cart on-site.

INVESTIGATORS

Richard A. Pollak, D.P.M., M.S., is a key opinion leader and board-certified by the American Board of Foot and Ankle Surgery. He has been practicing for over 35 years in San Antonio Texas, and is highly regarded for his participation in clinical and pharmaceutical research in the United States. He has been the Principal Investigator in more than 125 studies. He is an expert in multiple areas of podiatry including toenail fungus, athlete's foot and diabetic foot ulcers.

Dr. Pollak received his Doctor of Podiatric Medicine from the California College of Podiatric Medicine and later received his Master of Science degree from the Pennsylvania College of Podiatric Medicine.

Dr. Pollak has authored and published many scientific articles, and he is a noted national lecturer. He is affiliated with Elegante Surgery Center, Foundation Surgical Hospital of San Antonio and CHRISTUS Santa Rosa Hospital — Alamo Heights.

Barr Baynton, M.D., serves as the Medical Director of Endeavor Clinical Trials, where he participated in more than 32 post-op pain studies as the Investigator. Dr. Baynton is board-certified by the American Board of Emergency Medicine. He is affiliated with Foundation Surgical Hospital of San Antonio, CHRISTUS Santa Rosa Hospital — Alamo Heights and Elegante Surgery Center.

Constance M. Barone, M.D., is board-certified by the American Board of Plastic Surgery. She has been recognized as one of America's Top Surgeons for 2016 by the Consumers' Research Council of America. She is affiliated with Elegante Surgery Center and Foundation Surgical Hospital of San Antonio.

Firas Akross, M.D., is dual board-certified by the American Board of Endocrinology and the American Board of Internal Medicine. He has been active as Investigator in clinical trials supporting Avandia and other NMEs treating diabetes and related illnesses.

Russell Stanley, D.P.M., is a doctor of podiatric medicine and has participated in over 25 clinical trials as an Investigator at Endeavor Clinical Trials. He is affiliated with Foundation Surgical Hospital of San Antonio.

Matthew G. Bindewald, M.D., is board-certified by the American Board of Surgery and is a former Lieutenant Commander in the United States Navy. He is affiliated with Foundation Surgical Hospital of San Antonio and CHRISTUS Santa Rosa Hospital — Alamo Heights.
